| Microfluidic Sperm Sorting Chip  |          |         | •            |
| 2 blastocyst, 1 embryotransfer for free  |          |         | •            |
| PAYMENT  |          |         |              |
| Payment before the start of treatment  | 2 000 €  | 2 000 € | 2 000 €      |
| Payment after selection of the donor   | 2 700 €  | 2 750 € | 2 750 €      |
| Payment before egg retrieval from the donor  | 800 €    | 1 200 € | 2 200 €      |
| IVF cycle with donated embryo  |          |         | 1 900 €      |
| The package includes the initial cnsultation (in-person/online), medication costs and the preparation of the donated embryo recipient, frozen embryo transfer of the donated embryo.   |          |         |              |
| Payment before the day of donated embryo reservation   |          |         | 1 100 €      |
| Payment before the day of embryo transfer  |          |         | 800 €        |
| "Baby Guarantee Programme"   |          |         | 11 500 €     |
| Refund guarantee – a live birth within the program or a full refund of the package price. The package includes the initial consultation (in-person/online), treatment plan, financial compensation for an oocyte donor, spermiogram, ICSI, prolonged embryo cultivation, embryo transfer (does not include vitrification of non-transferred embryos). Eligibility criteria will be confirmed by the physician. |          |         |              |
| Payment before the registration on the waiting list  |          |         | 5 500 €      |
| Payment before the day treatment start   |          |         | 6 000 €      |
| Frozen embryo transfer   |          |         | 950 €        |
| Embryo thawing (delayed ET - first ET within a freeze - all cycle)   |          |         | 300 €        |

## IVF TREATMENT

|                                 |       |
|---------------------------------|-------|
| Intrauterine insemination (IUI) | 600 € |
|---------------------------------|-------|

|                     |                |
|---------------------|----------------|
| <b>Native cycle</b> | <b>1 200 €</b> |
|---------------------|----------------|

The package includes the initial consultation (in-person/online), treatment planning, ultrasound examinations, sperm analysis and preparation of the sperm, oocyte retrieval and embryo transfer. (Does not include STD tests and additional laboratory methods above the scope of the package).

|                  |                |
|------------------|----------------|
| <b>IVF cycle</b> | <b>2 950 €</b> |
|------------------|----------------|

The package includes the initial consultation (in-person/online), treatment planning, ultrasound examinations, STD tests, oocyte retrieval, sperm analysis and sperm preparation, ICSI, embryo cultivation up to 72 hours, embryo transfer. (Other laboratory methods are optional and are not included in the package. The medication costs and embryo cryopreservation fee are not included).

|  |         |
|--|---------|
| Payment before the day of the start of treatment | 1 100 € |
| Payment before the day of the oocyte retrieval   | 1 000 € |
| Payment before the day of the embryo transfer    | 850 €   |

|                        |                |
|------------------------|----------------|
| <b>Social Freezing</b> | <b>1 750 €</b> |
|------------------------|----------------|

The package includes the initial consultation (in-person/online) and ultrasound examinations during the treatment cycle, STD tests, oocyte retrieval, general anaesthesia, oocyte vitrification (up to 6 oocytes, each additional straw - 100 EUR), preservation of oocytes for 12 months. Price does not include: additional straws (max. 3 oocytes/straw), medication, preoperative examination.

|  |         |
|--|---------|
| Payment before the day of the start of treatment   | 1 100 € |
| Payment before the day of the oocyte retrieval and vitrification (payment is made only if the oocyte retrieval is performed) | 650 €   |

|   |                |
|---|----------------|
| <b>Social Freezing Exclusive – 3 cycles with oocyte freezing within 1 year*</b> | <b>4 500 €</b> |
|---|----------------|

The package includes an initial consultation (in person/online), ultrasound examination, STD tests, oocyte retrieval, general anaesthesia, oocyte freezing (max. 6 oocytes, each additional straw - 100 EUR), extended oocyte preservation for 2 years. The package does not include stimulation drugs, preoperative examination and each additional straw (max. 3 oocytes).

|   |                |
|---|----------------|
| <b>1st cycle of Social Freezing</b>   | <b>1 750 €</b> |
| Payment before the day of treatment initiation (stimulation protocol)               | 1 100 €        |
| Payment before the day of oocyte retrieval/freezing (only if retrieval takes place) | 650 €          |
| <b>2nd cycle of Social Freezing</b>   | <b>1 750 €</b> |
| Payment before the day of treatment initiation (stimulation protocol)               | 1 100 €        |
| Payment before the day of oocyte retrieval/freezing (only if retrieval takes place) | 650 €          |
| <b>3rd cycle of Social Freezing</b>   | <b>1 000 €</b> |
| Payment before the day of treatment initiation (stimulation protocol)               | 900 €          |
| Payment before the day of oocyte retrieval/freezing (only if retrieval takes place) | 100 €          |

\*The discounted price of the Social Freezing Exclusive package is valid only if all 3 cycles of oocyte freezing (completed with oocyte retrieval) are completed within 1 year.

|  |                |
|--|----------------|
| <b>IVF cycle after Social freezing</b> | <b>1 900 €</b> |
|--|----------------|

The package includes medication for embryo transfer preparation, ICSI, prolonged embryo cultivation, time-lapse embryo monitoring (GERI) and embryo transfer. (Other laboratory methods are optional and are not included in the package. Vitrification of non-transferred embryos is not included).

|   |         |
|---|---------|
| Payment before the day of oocytes thawing | 1 000 € |
| Payment before the day of embryo transfer | 900 €   |

|                               |              |
|-------------------------------|--------------|
| <b>Frozen embryo transfer</b> | <b>950 €</b> |
|-------------------------------|--------------|

### LABORATORY METHODS

|  |       |
|--|-------|
| ICSI (intracytoplasmic sperm injection)  | 550 € |
| Time-lapse embryo monitoring (GERI)  | 250 € |
| Prolonged embryo cultivation (over 72 hours)   | 220 € |
| Assisted hatching  | 220 € |
| EmbryoGlue   | 220 € |
| Embryo vitrification/oocyte vitrification (max. 2 embryos or 3 oocytes per straw, 1 year storage included) | 500 € |
| Sperm cryopreservation (STD test, sperm analysis and 1 year storage included)                              | 350 € |
| 1 year fee for oocytes/embryos/sperm storage   | 140 € |
| Sperm DNA fragmentation test and sperm oxidative stress (sperm analysis is included)                       | 230 € |
| Microfluidic Sperm Sorting Chip  | 280 € |
| Meiotic spindle visualization  | 200 € |

### ADDITIONAL SERVICES

|   |       |
|---|-------|
| Initial consultation  | 90 €  |
| Ultrasound examination  | 90 €  |
| Preoperative examination  | 220 € |
| Anti-Müllerian Hormone Test (AMH)   | 70 €  |
| Hormonal profile test: E2, FSH, LH, PRG, TSH, fT4, aTPO, PRL, and a blood type                | 110 € |
| Sexually transmitted diseases (STD tests)   | 60 €  |
| Spermiogram   | 60 €  |
| Donated sperm from ISCARE sperm bank  | 300 € |
| Administrative costs associated with the transport of biological material (without transport) | 160 € |

### IMMUNOLOGY

|                              |       |
|------------------------------|-------|
| Initial consultation         | 90 €  |
| Basic immunology examination | 430 € |

### GENETICS

|  |         |
|--|---------|
| Initial consultation   | 90 €    |
| Biopsy of the embryo for PGT                                     | 500 €   |
| PGT examination package for IVF cycle (incl. laboratory methods) | 1 400 € |

The package includes embryo vitrification, time-lapse embryo monitoring GERI, prolonged embryo cultivation, assisted hatching, and embryo biopsy. The package does not include PGT examination of embryos (PGT-A, PGT-SR, PGT-M).

|  |        |
|--|--------|
| PGT-A (aneuploidies) examination or PGT-SR (structural chromosomal anomalies)<br>Genetic tests for aneuploidy and abnormal number of chromosomes using the NSG method. Price per 1 embryo. | 350 €  |
| PGT-M examination (PGT in monogenic diseases) using karyomapping and inc. PGT-A  |        |
| Preparation for karyomapping   | 1360 € |
| Examination of a single embryo   | 400 €  |
| Karyotyping  | 200 €  |
| Carrier test   | 480 €  |
| Carrier test – genetic compatibility of the couple   | 870 €  |

## CANCELLATION TERMS

Cancellation terms of Iscare a.s. apply to situations when an infertile couple discontinues treatment. In such a case, if the treatment is interrupted for other than serious health reasons on the part of the client, the company Iscare a.s. has the right to reimbursement of all costs related to services already provided, and therefore no funds will be returned to the client.

Each individual case of interruption of treatment due to serious health reasons on the part of the client is assessed individually with regard to the state of health and other circumstances related to the proposed treatment. Based on this assessment, ISCARE a.s. decides on the possible return of already paid funds.

In the case of treatment with donated oocytes, it also applies if the treatment is interrupted by ISCARE a.s. due to complications on the part of the donor (serious health reasons), then ISCARE a.s. reserves the right to offer clients the continuation of treatment with a new donor.

In the case of treatment with donated embryos, it also applies in case if the treated couple interrupts or postpones the treatment but is still interested in reserving confirmed embryos, more than 6 months after confirming the reservation of embryos, the reservation can be extended at the request of the infertile couple on the basis of payment amounts for preservation of biological material according to the price list for assisted reproduction services.

**Iscale reserves the right to change this price list. The price of the treatment and our services is always governed by the currently valid price list on the website [www.iscare.cz](http://www.iscare.cz).**

The patient and his partner/husband confirms with his signature the choice of the selected treatment.
